

## Inchirieri rezervoare

Our company offers for rental diesel fuel tanks with retention vat having a capacity of 5000 litres and 9000 litres, equipped with distribution systems with or without management system.

The price for renting a tank for a period between 1-3 months is 0.18% per day of the tank's value.

For a renting period between 3-6 months, the renting cost per day is 0.16% of the tank's value.

For periods exceeding 6 months the renting cost is 0.14%/day of the tank's value.

At the end of the renting period, the inspection of the rented tank will be made, and the possible interventions as a result of the defective use will either be performed by the beneficiary, or by our company, for a fee.

The prices do not include the handling, transport and discharging operations. These will be made on the Client's expense according to the Rental Agreement and will either be accomplished by the Client or by SC Romtank SRL.
